

Cancer Care Protector

Combined Insurance's Cancer Care Protector — a good decision

This policy provides cash benefits which can be used to help pay the out-of-pocket costs associated with cancer treatment and recovery.

The Cancer Care Protector benefits are payable directly to you (or someone you designate), regardless of any other insurance coverage you may have. This policy can provide benefits that can be used any way you choose. The coverage is portable, which means if you change employers you can keep your coverage without interruption.

Below is a summary of the benefits provided by the Cancer Care Protector.

**About 40%
of Americans
will develop
cancer during
their lifetime.[†]**

Cancer Care Protector

Limitations and Exclusions

This is a cancer-only policy and does not pay benefits for loss from any other sickness or accidents

This policy pays only for the treatment of covered cancer. "Covered cancer" means leukemia or a malignant tumor characterized by uncontrolled cell growth and which results in a positive diagnosis, based upon a microscopic examination of affected cells

Hospital

"Hospital" does not include a clinic, nursing home or convalescent care facility including such facility associated with a Hospital.

Pre-existing Conditions

Loss caused by a pre-existing condition is not covered unless such loss begins after 24 months from the policy issue date.

"Pre-existing condition" means cancer which first manifests itself before the policy issue date. A cancer "first manifests" itself if it was diagnosed or treated by a doctor within 24 months before the policy issue date.

Renewability

This policy is "guaranteed renewable" for the principal insured's lifetime. As long as premiums are paid, your right to renew this policy is guaranteed, so you have protection when you need it. No premiums are due after the policy has been continuously in force for 20 years.

We reserve the right to change your premium. We cannot change your premium unless we change everyone in your class (for example, everyone in your state).

This is very important

If a covered individual is a Medicaid recipient, policy benefits may be assigned and payable to your state Medicaid agency. Also, benefit payments you receive may count as income for Medicaid eligibility purposes.

Important Notice

This is a supplement to health insurance and is not a substitute for Major Medical or other minimum essential coverage.

Notice of Claim / Proof of Loss

Written proof of loss must be given to Combined within 90 days after such loss. If it was not reasonably possible to give written proof within 90 days, the proof required must be given no later than 1 year from the time specified unless the claimant was legally incapacitated.
